

Diaspora Advisory Group Member Role Statement

The Diaspora Humanitarians Project Advisory Group invites expressions of interest for roles as diaspora representatives on the Advisory Group. We envision the Diaspora Advisory Member as a vitally important role to ensure the voice of the community shapes and guides the project.

These roles would best suit individuals who have been working within their diaspora communities to develop humanitarian responses overseas, have extensive community networks, and have an interest in education/research.

Diaspora Membership in the Advisory Board entails the following key roles and responsibilities. If successful you would be committing to:

1. Be named as an Advisory Board Member in public communications regarding the project
2. Provide occasional ad hoc advice on the strategy and implementation of the project outside of formal meetings
3. Review project outputs, strategy and planning documents in preparation for meetings
4. Participate in quarterly 60-120 min Advisory Board video calls per year during 2021-2024
5. Help to disseminate project outputs and promote the project to your networks
6. Provide other ad hoc advice and contributions as agreed.

Diaspora Advisory Group Members will be inducted as volunteers of Diaspora Action Australia (DAA). They will be required to comply with DAAs Code of Conduct and relevant policies for the duration of their role on the Advisory Group.

Diaspora Advisory Group Members will receive a per diem payment for each Advisory Group Meeting. This payment will be deposited to the nominated bank account.
