

# Diaspora Advisory Board Member Role Statement

The Diaspora Humanitarians Project Advisory Board invites expressions of interest for roles as diaspora representatives on the Advisory Board. We envision the Diaspora Advisory Member as a vitally important role to ensure the voice of the community shapes and guides the project.

These roles would best suit individuals who have been working within their diaspora communities to develop humanitarian responses overseas, have extensive community networks, and have an interest in education/research.

Diaspora Membership in the Advisory Board entails the following key roles and responsibilities. If successful, you would be committing to:

1. Be named as an Advisory Board Member in public communications regarding the project.
2. Participate in quarterly 60-120 min Advisory Board video calls per year during 2021-2024.
3. Provide occasional ad hoc advice on the strategy and implementation of the project outside of formal meetings.
4. Review project outputs, strategy and planning documents in preparation for meetings.
5. Help to disseminate project outputs and promote the project to your networks.
6. Provide other ad hoc advice and contributions as agreed.

Diaspora Advisory Board Members will be inducted as volunteers of Refugee Council of Australia (RCOA). They will be required to understand and comply with the organisation's policies and procedures as set out in RCOA's Policies and Procedures for the duration of their role on the Advisory Board.

Diaspora Advisory Board Members will receive a per diem payment of \$150 for each Advisory Board Meeting. This payment will be deposited to the nominated bank account.
